

3G modem/cellphone list

The following 3G modems / cellphones have been tested with Vigor2110 series , Vigor2130 series, Vigor2710 series , Vigor2800 series , Vigor2820 series , Vigor2910 series , Vigor2920 series, Vigor3100 series , VigorPro 5510 series, VigorIPPBX 2820 series and VigorFly200. Many other standard 3G modems / cellphones will also work and please download latest Firmware for your Vigor Router.

Note : if your 3G modem is not in the compatible list , please check the router firmware version is the latest current version first, if it still not works , please also capture the syslog for us.

- (1) Firmware download : <http://www.draytek.com/user/SupportDownloads.php>
- (2) 3G configuration : <http://www.draytek.com/user/SupportFAQDetail.php?ID=22>
- (3) trouble shooting : <http://www.draytek.com/user/SupportFAQDetail.php?ID=8>
- (4) syslog tool : <http://www.draytek.com/user/SupportDLUtility.php>
- (5) if your modem works fine with vigor router but it's not in current compatible list, please inform us , we will add it soon.
